

A.S. Création Presseinformation

Gummersbach, December 2010

At Heimtextil 2011 in Frankfurt the Gummersbach wallpaper manufacturer, A.S. Création, presents its new, versatile, targeted collection. Playful, decorous or purist, geared to every home design style and taste, there is a suitable model of choice.

Wallness – brings the richness and beauty of nature into your home. The boundaries between land and water merge; when abstract fish, bamboo decorations and structures made of mother-of-pearl effects and designs such as those drawn by the wind in the desert sand, meet.

The world of colour of the non-woven collection catches hold of the natural statements in bright shades of blue, red, green, earth tones and metallic nuances.
