

A.S. Création Press Release

Gummersbach, April 2011

Caroline – captivates through its closeness to nature, its soft colour tones in a subtle, sensory pattern world in which even large areas of decoration have a charming and calming effect. Wavelike interpretive stripes build a basic design of pure or leaf-shaped ornamentations joined by structured single colours, buds and block stripes. Beige nuances – from grey-tinted to brown – are accentuated by dark shadows or dew-fresh green-yellow tones.
