Avenzio 4 - Wellness for the Walls

When the fourth collection of a wallpaper series appears we can speak of an evergreen. In truth Avenzio counts as one of the most loved A. S. Creation collections. No surprise then when the young collection takes hold of current lifestyle trends and provides wellness for both the walls and eyes - and offers an exceptional value for money relationship. Graphic patterns and floral elements in fresh colours violet, light mustard yellow, beige, coral red, apricot, rose and light grey on a light background. In such a way the current collection provides a serene mood and upgrades every room to an oasis of feeling good. Structural reliefs with mother of pearl lustre as well as flock relief prints ranging from unostentatious to expressive radiate charm and fellow feeling. Borders and elegant single colours invite you to combine them according to the way the feeling takes you. All of that makes Avenzio 4 into a wall hanging for modern living.
